

LONG TERM CARE LOW BED RANGE

stralus 

The Stralus bed range combines contemporary style with advanced Australian engineering and design. The range offers two models; S Line and S Line Low, each offering extremely low heights to provide safety and comfort for the resident.

The unique design of the S Line Low Bed mechanism allows it to achieve its market-leading low height and ease of use. Each bed is available with a range of accessories to further improve the user experience, and can be optioned in a range of colours and styles to integrate seamlessly with the surrounding furnishings.
